This document and its attachments becomes part of the request for proposal listed above.

Modify RFP to include:

- 1) An extension for the work window until the end of FY 2018-19. The project shall be completed prior to June 30, 2019, and may be started as early as November 1, 2018.

- 2) Time is of the essence for this project, however, erosion and sediment control is a primary responsibility of the Port in the performance of this work. If proposers are of the opinion that the work needs completed closer to the end of the fiscal year due to concerns about erosion and sediment control, they shall express that opinion in their proposal.
